InsertSplitBox SL

- two-piece multi-chamber system with individual detachable compartments
- separate highly transparent lids snaps into each middle- and end position and provides therefore additional protection during opening/closing
- lid slides open in either direction
- also suited for small lot sizes and equipping tool dispensers
- universal packing possibilities thanks to individual number and size of compartments and spigots to center tools
- perfectly stackable due to the special guiding ridges
- suitable for automated loading, closing and labelling
- smooth top and bottom surfaces for labelling

Raw material

- base and covers made from impact resistant ABS

Product range

- covers in clear; bases in grey or in various attractive standard colours
